

Missions Monthly Magazine

January 2007

God Gave Us a Mandate - Mt 28:18-20, "The good news of salvation through Jesus Christ has been entrusted to the church to take to the nations."

Mexico

National Leaders: Pastor Jonathan & Patricia Blaise
Chihuahua, Mexico Email: pastor@enlaroca.org

The newly formed "Christ the Healer" medical outreach team completed their first outreach at the Victory Church of San Rafael. They shared the vision of Victory Churches of Mexico and formed ministry teams who minister to the entire man: spirit, soul, and body.

During their two days of ministry the team was able to minister to 53 people from the San Rafael Church and surrounding community, all of whom received Prayer and accepted Christ as their a Savior . The entire outreach was conducted on the premises of the San Rafael Victory Church. Pastor Roman reported various new families began attending the Victory Church of San Rafael as a result of the medical outreach.

10 acres of prime land worth 2 million US dollars was given to Pastors Jonathan and Patti Blaise by the Mexican government to build Victory Head office for Mexico with a Victory Bible College, sanctuary for 4000, offices and multi media and much more.

It is time for lands and buildings for the Victory Churches International. Praise the Lord!!!

El Salvador

National Leaders: Marcos & Blanca Lopez
San Salvador, El Salvador Email: darvictoryusa@hotmail.com

Great things are happening in El Salvador! Teams that have just returned witnessed a great move of God's Holy Spirit. Healings, deliverances, leaders being raised up through the churches and Victory Bible College.

Guatemala

National Leaders:
Pastor Santiago & Aura Castellanos
Antigua, Guatemala Email: darvictoryusa@hotmail.com

A Majority of the Guatemalan People Live in Poverty. Many Live in small shacks made from scrapes of metal and wood that they find in dumps and on the street . Victory Churches of Guatemala has a Christian school, that trains children from the church and surrounding areas. The School teaches the children necessary life skills such as reading, writing and arithmetic. Not only does this school reach out to the children in the community, but it also runs courses for adults. These courses also help parents to learn to read and write. As a result they are able to get better jobs and provide better support for their families.

A recent team from California Victory Church and 3 Day Victory, Colorado, went to both El Salvador and Guatemala and graduated Victory Bible College students who will plant churches and start other ministries. They also held a VCI conference which included leaders from Costa Rica, El Salvador and Guatemala. Many were saved , healed and set free. The Glory of God was so strong at some of the meetings that people could not stand up in His presence.

Central America is open to missionaries from Victory Churches.
Why not plan a trip today!
